

ECSI, LLC donated to Jarrett's Joy Cart, a local organization providing toys to pediatric patients in Kentucky Children's Hospital. Steve Gardner presented the donation to Jennifer and Doug Mynear (ECSI Vice President for Civil & Environmental Services), named for their son, Jarrett. Jarrett started the Joy Cart in 1999 to bring excitement and joy to every hospitalized child and to let them know someone else was thinking about them during their stay. It has been continued in his memory. Volunteers for Jarrett's Joy Cart have visited Kentucky Children's Hospital every Tuesday for the past 13 years providing a one-on-one visit and a toy/gift for each of the approximately 50-60 pediatric patients. Over this time period, an estimated 35,000 patient visits have been made.
